The Resonances Summer Cello Course is a chance for young cellists to work intensively for one week under the guidance of three experienced cellists in the beautiful Chateau de Halloy.

Places are limited: 15 students will be offered places for the course. Students will receive a minimum of four lessons and will be playing in different cello ensembles.

At the end of the week, there will be opportunities to perform for each other and a small audience.

The course will take place at Chateau de Halloy near Ciney in Belgium, where we will all stay together. The generous green grounds contain a tennis court and the stunning surroundings invite musicians for a relaxing time, long forest walks or a refreshing swim in a cold stream.

Fee: 595 euros

Includes: a minimum of four masterclasses, ensemble playing, all meals and accommodation in Chateau Halloy.

All applicants should send a link to a film of their playing (Youtube, Vimeo,...) along with a short biography to: martijn.vink@telenet.be

Application deadline: June 20th 2021.
